

Stuttgart, April 7, 2022

PRESS RELEASE

Kultur- und Kongresszentrum Liederhalle Stuttgart Outstanding events in the city centre

Stuttgart, April 2022 – The Kultur- und Kongresszentrum Liederhalle offers a unique platform for events **in the heart of Stuttgart**. Located in the centre of the top ten conference destination, planners and organisations will find the best conditions for an event to be remembered.

The Liederhalle has a **direct connection to the First Class MARITIM Hotel Stuttgart** and in the vicinity of the Bosch Areal with restaurants, bars and shops, the Liederhalle is the **perfect venue** for conferences, workshops and trade exhibitions with **up to 3,000 participants**. It is equipped with state-of-the-art technology and hosts general meetings and conferences, as well as product presentations and trade fairs. Event organisers value the comprehensive support by the **professional team** of the Liederhalle.

The Liederhalle is increasingly focusing on the issue of **“green events”**. For a green event to be successful, everyone involved needs to work together. The Liederhalle provides the setting and best possible conditions for climate-friendly events. Since December 2021, the Liederhalle is an active member of the WIN-Charta of the State of Baden-Württemberg. The WIN-Charta includes a transparent sustainability management system and meets the requirements of the European Union's CSR Directive for sustainability reporting. It is based on twelve guiding principles, the content of which covers the three pillars of sustainability, consisting of the areas of economy, ecology and social affairs.

Getting there is easy and climate-friendly by train, car or plane. The Stuttgart central railway station is only a few minutes away and the airport is connected by S-Bahn. Museums, cultural institutions and the shopping district are within walking distance.

New splendour and modern technology

After around 18 months of general renovation with extensive construction measures, the congress area of the Kultur- und Kongresszentrum Liederhalle has been shining in new splendour since December 2020. In addition to the renovation of the fire protection, building control and network technology, the stage and event technology as well as the interior were renewed.
